No	Question	Answer
1	Is there a specific methodology preferred?	No, we do not prescribe a methodology or approach. The technical proposal allows bidders to design their own approach.
2	Do bidders need to have the required experts as outlined in the RFP?	Yes, bidders must submit a proposal with the required staff in section 1 technical proposal, part D.
3	Does the proposal need to be for one country or the whole region?	The proposal can be for either a specific country or multiple countries within the Western Balkan region.
4	Legal experts are often not trained across the region. How can we engage one that can assist the program throughout the region?	Please define this in your proposal, explain how you will engage a legal expert or experts that can support the project throughout the region. The four staff listed in the RFP are a minimum.
5	When will the project start?	The RFP currently suggests July-April. We will revise the timeline to August-May. The dates in the proposal are just a guideline, not a requirement.
